Dear Elder Froom;

Thank you for your letter of October 24, 1968, which I have read with interest.

Please instruct your secretary to note my change of address - I am no longer in Brawley.

I will be very happy to consider any Spirit of Prophecy material providing clear evidence, that you care to send me. I accept Spirit of Prophecy statements in their context as more reliable than anyone else's personal judgement.

With very best wishes.

Sincerely yours,

Robert J. Wieland
