Dear Brother Wieland,

I would assume that by this time or very shortly you will have your gift copy of Movement of Destiny. I would naturally be interested in your reaction of the presentation as a whole, though I am not asking that of you.

I have most faithfully and conscientiously searched for forty years to bring this forth in true and balanced form. I have consulted very widely. I have ransacked all the evidence that I can from the Spirit of Prophecy vault materials and from a hundred other sources. Anyway, the book is in your hands. You will probably see why I urged you to moderate your position about a year ago before this book was finished in its present form.

Try to read it with an unbiased mind. I believe it will be of help if you will.

Faithfully in the Master's service,

L. E. Froom
